The Michigan Public Service Commission (Commission) will hold a public hearing to consider Consumers Energy Company's (Consumers Energy) February 10, 2017 application, which seeks for the Commission to:

- 1. Issue a financing order applicable to Consumers Energy, its transferees, successors and assignees, pursuant to CCERA and other applicable law: (a) determining that the Palisades PPA Buyout Payment is reasonable and prudent and should be a regulatory asset for which Consumers Energy is authorized to recover the cost over a period of time; (b) declaring that the regulatory asset and related securitization transaction costs are qualified costs under CCERA; and (c) authorizing issuance of securitization bonds in an amount that will permit recovery of those qualified costs and other related costs. Such order shall reserve to Consumers Energy the sole discretion as to whether and when to proceed with a securitization transaction.
- 2. Authorize Consumers Energy in the financing order to impose a nonbypassable securitization charge payable to the issuer of the securitization bonds pursuant to CCERA as a separate item on customer bills, to

be rendered on and after the issuance of securitization bonds, and that is sufficient to pay: (a) the principal and interest of the bonds; (b) other costs associated with the issuance of the bonds; and (c) service and ongoing support of the securitization bonds and the issuer of the bonds.

- 3. Authorize Consumers Energy to include necessary language in its tariffs to accomplish the imposition of the above-referenced nonbypassable securitization charge and initially implement and periodically true-up the securitization charge.
- 4. Authorize Consumers Energy to employ appropriate methodology to account for the transactions contemplated by the financing order, including granting any additional accounting authority and appropriate ratemaking treatment.
- 5. Grant to Consumers Energy, pursuant to MCL 460.10i(9), the authority to refund and retire any or all of the securitization bonds that are issued pursuant to this proceeding upon demonstration of an ability to refinance under applicable bond covenants and that securitization charges to service new securitization bonds, including transaction costs, would be less than the securitization charges required to service the securitization bonds being refunded.
- 6. Authorize Consumers Energy to create a special purpose entity to which it could transfer securitization property and approve transfers of the securitization property under the financing order issued in this proceeding and rights thereunder to any transferee, successor or assignee, of Consumers Energy in accordance with CCERA.
 - 7. Other relief.
